

IMPRS Application form

This is a PDF-scan of the IMPRS online-application form. It is considered as a useful guidance, before you start your online application at: <http://www.imprs-astro.mpg.de/node/1505>.

Please be aware that you can't edit your application once you have published it. So as long as you want to change it please use 'Save Draft' and 'Save' on the bottom of the form. This is in particular important for your recommendation letters. They will be sent if all fields are filled in either 'Draft' or 'Publish' status. Please make sure that you fill out all required fields marked with a red asterisk *, before you save or publish your application.

The Max Planck Society also encourages disabled people who meet the essential criteria such as appropriate skills, qualifications and personal attributes to apply for a PhD position. If this is the case for you, we encourage you to disclose information about your disability status to the IMPRS office (office@imprs-astro.mpg.de), so that your application finds special consideration.

Identification

Academic History and Education/Academic History

Please provide comma-separated list of University, City, Major, Degree, Date.

1. University, City, Major, Degree:

2. University, City, Major, Degree:

3. University, City, Major, Degree:

4. University, City, Major, Degree:

Summary of your education

Please give a brief summary in tabular form of your education and training at universities and/or colleges (including summer schools and tutorials which may be relevant to your application), max 1 page.

An empty table grid with a checkered border. The grid is approximately 10 columns wide and 10 rows high. It is intended for a tabular summary of education and training.

Course Work

Please list the courses you have taken at the university and the grades you have obtained. Include all university level or other relevant courses. If you have passed final university examinations, please give full details.

An empty table grid with a checkered border. The grid is approximately 10 columns wide and 10 rows high. It is intended for listing courses and grades.

Scholarships and Honours

In case you have received any personal scholarships, honours and awards that you feel are relevant to this application, please list them in the space provided below. Include dates and a short description.

An empty table grid with a checkered border. The grid is approximately 10 columns wide and 10 rows high. It is intended for listing scholarships and honours.

Graduate Record Exam

Please provide your test result:

An empty table grid with a checkered border. The grid is approximately 10 columns wide and 10 rows high. It is intended for providing test results.

TOEFL

At IMPRS all courses are in English. Applicants are therefore expected to have good oral and written English language skills. If you have taken the TOEFL test please list the results and ask TOEFL to send us the certificate. Our TOEFL Institution and Department Code is 8223.

Please give your TOEFL scores:

Areas of Interest/Scientific Interest

Please select/unselect your preferred topics

Your scientific interests:

- None -

Your scientific interests:

- None -

Your scientific interests:

- None -

You can choose topics from the pop-up window that appears in the online application form:

- Cosmology (large scale structure, high-z universe, cosmic microwave background, dark matter)
- Stars (evolution, structure, clusters, sun, magnetic fields ...)
- Galaxies (evolution, dynamics, star-formation, gas physics, stellar populations ...)
- Compact Objects (black holes, neutron stars, white dwarfs, X-ray binaries ...)
- Planets (proto-planetary discs, exoplanets ...)
- Supernovae (core collapse, type-Ia ...)
- Interstellar Medium (star forming regions, molecular clouds, dust, chemistry ...)
- Laboratory astrophysics (molecular spectroscopy of astrophysically relevant ions, radicals and organic molecules)
- Active Galactic Nuclei (supermassive black holes, formation, evolution, observational signatures ...)
- High-Energy Astrophysics (gamma ray, x-ray)
- Ultraviolet / Optical Astrophysics
- Infrared Astrophysics
- Microwave / Radio Astrophysics
- All Topics

Method / Strengths

Please select/unselect your preferred method/strengths

Instrumental Observational Numerical Theory

Further comments:

Preferred Institute

Please select/unselect your preferred institute

MPA MPE ESO USM

Areas of Interest for your Research Project

Provide a priority list on what topic or research field you would like to do your PhD (link to list of available PhD topics at: <https://www.imprs-astro.mpg.de/content/available-phd-topics>). You can also propose your own research topic. If you have no preferences, leave this field blank.

1. PhD research topic:

Your motivation:

2. PhD research topic:

Your motivation:

3. PhD research topic:

Your motivation:

Starting Date

Common starting date is September 1st every year, however, you may suggest another date which better suits your personal career planning.

Day: Month: Year:

Purposes and Goals

Please list the purposes on why you wish to enter this PhD program and the aims/goals you intend to reach by it. Include any special information that does not appear above which will help us evaluate your application.

Outside Interests

Please list below your outside interests that are not directly related to your university degree.

Recommendation Letters

Please fill out all fields to request a recommendation letter. An email will be sent if all fields are filled and you save or publish your application.
